Dear [REDACTED]

RE: APPLICATION FOR APPROVAL OF A PROGRAMME OF COMPLETION WORK FOR BROCKHAM X4Z, LR/24-X4Z, UNDER LICENCE PL235 ('Licence')

With reference to your application, number WONS/10520/0/RC/1 Version 1 dated 9 August 2017 ('Application'), the Oil and Gas Authority gives its approval pursuant to Clause 19(3) of the Licence to carry out Completion Work (as defined in Clause 19(3)) in accordance with the **programme of Completion Work** as contained in your letter dated 7 August 2017 as submitted in support of the Application in respect of the LANDWARD well with designated OGA Well Registration Number: LR/24-X4Z.

This approval is given subject to the following conditions:

- (1) that you are required to notify this office, at the earliest opportunity, of the commencement of the Completion Work and again on the completion of the Completion Work; and
- (2) that a separate application is required for any activity not specifically covered by this approval, including hydraulic fracturing operations, for which the approval of a Hydraulic Fracture Plan would be required; and
- (3) in accordance with section 4A(1) *Petroleum Act 1998*, (a) associated hydraulic fracturing is prohibited from taking place in land at a depth of less than 1000 metres; and (b) associated hydraulic fracturing is prohibited from taking place in land at a depth of 1000 metres or more unless the Secretary of State for Business, Energy and Industrial Strategy (or his / her successor in title) has provided consent for it to take place.

We further remind you of the jurisdiction of other regulators in relation to the proposed operations and that it is your responsibility to ensure compliance with relevant statutory requirements.

This approval shall remain valid for a period of two years, commencing upon the date first above written.

Yours faithfully
