Dear P Brown

Thank you for your recent Freedom of Information request, please see the Trust's response detailed below:

You requested:

The number of staff parking spaces provided by AWP for its staff. I am advised the Trust provides in excess of 3468 parking spaces across Trust sites.

The costs to staff when they use AWP provided parking facilities. I am advised the Trust does not charge staff to use AWP parking facilities owned by the Trust. There is a £5.00 deposit charge for a barrier card at one site in case of loss or it not being returned on termination of employment. Staff may be required to pay parking charges were the facilities are provided by another organisation. The Trust does not hold any information regarding these charges.

How costs vary for different employee groups e.g. porters, consultants, nursing staff, visiting GP's etc. This information does not exist.

Planned changes to staff parking by AWP. There are no planned changes to staff parking, just to comply with the Department of Health Consultation; December 2009. Consultation is underway at Great Western Hospital Swindon where parking is provided by another Trust.

The numbers of staff who make daily use of staff parking provided by AWP. This information does not exist.

I trust this serves your enquiry, but if you have any further questions you may find the Trust's website <http://www.awp.nhs.uk> helpful, or alternatively, please do not hesitate to contact me directly, quoting the reference number above which will help me to respond quickly.
