Enquiry Rear of Swaine St Number 28 and Lomeshaye Rd Number 43 this back street is adopted and I have reported previously where nothing has been done the pothole sizes are ridiculous. The walls of properties are being affected and a resident is on the verge of issuing civil litigation against the Council as he has a surveyor report which blames the poor condition of the back street causing the damage.

I have stated to him to hold off litigation if this is not fixed he will be issuing proceedings.

This requires urgent action and not ignored like last time.
