NOTE 1:

Sub-threshold claims are Damage to Crown Property Claims with a estimated cost of less than £10,000.00. NOTE there is no separation with Area 7 claims; all Area 7 claims are processed by Highways England and for convenience are captured in the Over Threshold table.

NOTE 2:

We have not broken down into the granularity of individual claim amounts as we do not hold that level of detail for below threshold claims, the values are aggregate per area for the financial year.

COST is the Defined Cost exclusive of Fee as captured and submitted by the Service Providers for the respective Area Operating Contract for Damage to Crown Property Green Claims.

INSURANCE (Claims Raised) £ is:

The value of the Invoices Raised by the Service Providers / Highways England.

Cash Received via Insurance Claims Raised £ is the value of the payments made to the Service Providers / Highways England
