Reference: FOI-2018-485

29 August 2018

Dear D Caddick,

Your request was received on 1 August 2018 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

Could you please make a document showing the number of applications/offers/acceptances for undergraduate studies from students from different types of schools from as recently as possible to as many years as you can go back (please include 2018 and omit acceptances) . It would also be helpful if you can break down the difference in offers and acceptance by how many missed their offer and weren't let in and how many chose to go somewhere else. By types of school I specify there is at least a distinction between comprehensive and grammar schools in the data.

Please break this down by subject and if that is too much data then please only do this for economics BA.

Numbers of undergraduate applications, offers and acceptances broken down by school type are published in annual statistical publications available from <https://www.undergraduate.study.cam.ac.uk/apply/statistics>. A breakdown of offer holders being rejected and choosing not to attend for 2013-2017 by course is attached. Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request an internal review of this decision, you should contact us quoting the reference number above. The University would normally expect to receive your request for an internal review within 40 working days of the date of this letter and reserves the right not to review a decision where there has been undue delay in raising a complaint. If you are not content with the outcome of your review, you may apply directly to the Information Commissioner for a decision. Generally, the
