LICENCE NO. SL 113

WEST MIDLANDS COUNTY COUNCIL

CONTROL OF POLLUTION ACT 1974

LICENCE TO DISPOSE OF WASTE

The County Council of West Midlands in pursuance of the powers conferred on them by the Control of Pollution Act 1974

hereby licence ..... Birlee Industrial Limited .....

of ..... Dudley Port, Tipton, Sandwell, West Midlands .....  
(hereinafter called the "licence holder")

to ..... deposit controlled waste in accordance with conditions specified herein .....

on ..... land at Rose Lane, Tividale, Sandwell, which is edged red on the drawing  
attached to the licence .....

being land occupied by the licence holder

This licence is granted subject to the conditions set out in the schedule  
hereto

Dated this

6<sup>th</sup>

day of

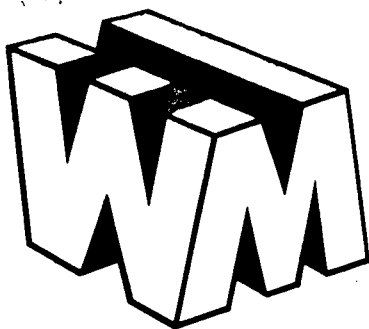

April

19

78

.....  
County Waste Disposal Officer

The licence holder's attention is drawn to the notes overleaf

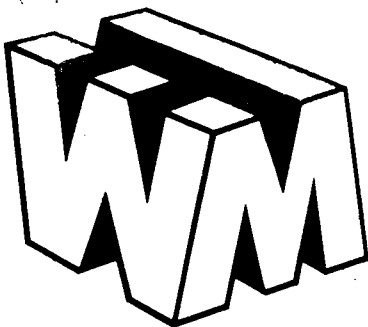

Sheet 2 of 6

LICENCE NO. SL 113

### Notes

These notes are for the general guidance of the Licence Holder and they do not constitute an authoritative statement of the law.

1. This licence only relates to the requirements in the Control of Pollution Act 1974 for the deposit of controlled waste or the use of plant or equipment subject to the conditions set out in the schedule and does not constitute a consent required by any other legislation. In particular it is the responsibility of the licence holder to comply with any requirements of the Health and Safety at Work etc. Act 1974; the Radioactive Substances Act 1960, the Town and Country Planning Acts, water protection and environmental health legislation.
2. If the licence holder ceases to occupy the land specified above, then he may transfer the licence to the new occupier after giving notice to the County Waste Disposal Officer that he proposes to transfer the licence on a day specified in the notice. The County Council has the right to decline to accept the new licence holder.
3. If the licence holder wishes to cancel this licence, he must return it to the County Waste Disposal Officer together with a notice stating that he no longer requires the licence. Cancellation of the licence will not affect any outstanding liability of the licence holder under the conditions of the licence.
4. The County Council has the right to revoke this licence or vary its conditions in accordance with the provisions of the Control of Pollution Act 1974.
5. The deposit of controlled waste or the use of plant or equipment for the purpose of disposing of controlled waste otherwise than in accordance with the conditions in this licence or the Control of Pollution Act 1974 constitutes a criminal offence.

Sheet 3 of 6

LICENCE NO. SL 113

Conditions for Landfill Site at:      Rose Lane,  
Tividale,  
Sandwell, West Midlands.

Licence Holder:      Birlee Industrial Limited

Licence No:      SL 113

TYPES AND QUANTITIES

1. The type and quantities of wastes deposited daily at the site shall not exceed the following:-

Inert* foundry sands	)	
Inert* foundry slags	)	
Inert* refractory bricks and rubble	)	500 tonnes/day
from foundry buildings	)	

2. Wastes other than those specified in condition 1, must not be deposited at the site or brought onto it.
3. The temperature of the wastes deposited shall not exceed 10°C above ambient.

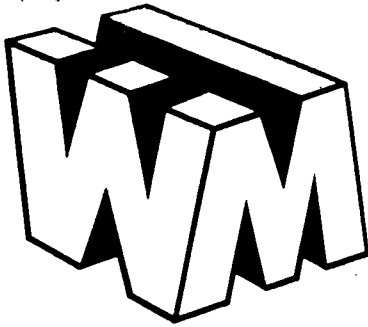

HOURS OF OPERATION

4. (a) Subject to condition 4(b) waste shall only be brought onto the site and/or deposited between 0700 hours to 1900 hours on weekdays, 0700 hours to 1500 hours on Saturdays and 0800 hours to 1300 hours on Sundays.

(b) No waste shall be brought onto the site and/or deposited during the hours of darkness unless adequate lighting is provided.

CONTROL

5. A site control office shall be provided and situated as indicated in the site licence application.
6. Records shall be kept of the types and quantities of wastes deposited. These records shall be open to inspection by representatives of the Waste Disposal Authority, at any reasonable time, and copies, in a form approved by the Authority, shall be sent to the Authority every month or as may be required by the Authority.
7. The terms of the site licence shall be made known to users of the site and any persons or firms who are given responsibility for the management or control of the site. A copy of the site licence shall be displayed at the site control office.

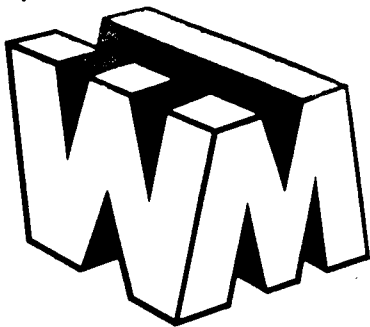

#### DISPOSAL OF WASTES AND SITE CONTOURS

8. Solid waste shall be formed into a layer as described in condition 9, as soon as possible after deposit and not later than at the end of the working day on which the waste is received.
9. The layer of waste shall be formed by depositing waste progressively at the face and compacting, and shall be laid to a fall to encourage surface water run off.
10. The depth of a layer of waste shall not after initial compaction exceed 1 metre.
11. No waste material shall be burnt within the boundaries of the site, and a fire at the site shall be regarded as an emergency and immediate action taken to extinguish it. All outbreaks of fire shall be notified forthwith to the Waste Disposal Authority.
12. Not less frequently than once a week any loose waste which may be lying on the site shall be gathered and disposed of in such a way as to keep the site tidy.
13. The final layer deposited shall be subject to the minimum compaction and shall, to a depth of not less than 1 metre, be kept free of materials likely to interfere with final restoration. Final levels achieved and subsequent restoration shall be in accordance with the requirements of the Local Planning Authority.
14. Until final restoration, completed areas of landfilling shall be graded and maintained in a tidy condition and where necessary action taken to control weeds.

#### ROADS AND SITE SECURITY

15. Adequate measures shall be taken to ensure that mud, debris or any other material is not deposited on the public highway by vehicles leaving the site.
16. A primary site road shall be provided and situated as indicated in the site licence. This road shall have a hard surface and shall be suitably maintained to assist with the compliance of condition 15 and in any case to the reasonable satisfaction of the Waste Disposal Authority.
17. A gate must be provided at the site entrance. The gate shall be locked outside working hours and all other reasonable precautions shall be taken to prevent unauthorised access of vehicles to the site and/or flytipping.
18. Site roads shall, as necessary, be sprayed with water to suppress dust. (Use of water may need Water Authority approval).

19. The site must be fully bounded by fencing. The additional fencing required in order to comply with this condition shall be constructed within a period of 6 months from the date of issue of this licence to a specification and at locations agreed by the Waste Disposal Authority. All fencing shall be maintained to the satisfaction of the Waste Disposal Authority.

20. The site shall be adequately manned and supervised during working hours.

OTHER CONDITIONS

21. No tipping shall take place until the brook course running through the site has been culverted to the satisfaction of the Water Authority and the Waste Disposal Authority. The culvert shall have sealed joints and shall be capped and flanked by one metre of suitable impervious material and five metres of suitable inert material to the satisfaction of the Water Authority and the Waste Disposal Authority.

22. The impervious and inert material used to 'cap' and 'flank' the culvert shall be extended beyond the culvert mouth to a suitable point to prevent leachate running parallel to the culvert and entering the watercourse.

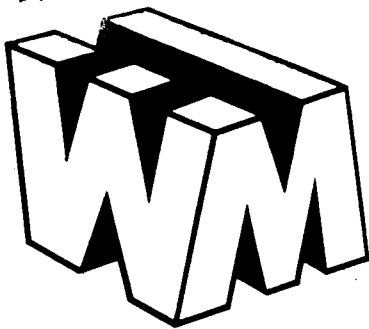

23. Within a period of one month from the date of issue of this licence a site identification board of durable material and finish shall be displayed at the site entrance giving the name of the site, the name, address and telephone number of the operator and of the Waste Disposal Authority responsible for issuing the licence.

24. Precautions shall be taken to deal effectively with any vermin or insects on the site. All pesticides, pesticidal products and where appropriate pest control techniques shall have been cleared for their intended use through the Pesticides Safety Precautions Scheme (viz DOE Circular 90/76 of 24 September 1976).

25. Any temporary cessation of operations for a period in excess of 3 months shall be notified to the Waste Disposal Authority.

26. Not less than 14 days notice shall be given to the Waste Disposal Authority of the date on which regular landfilling is to commence or recommence in the event of a temporary cessation for a period in excess of 3 months.

27. Adequate measures shall be taken to prevent public nuisance caused by site operations including noise, dust, fumes, grit and odours.

Sheet '6 of 6

LICENCE NO. SL 113

NOTES

Inert wastes shall consist of those materials which are without active chemical, physiological or biological properties and which do not exert "Biological Oxygen Demand" in contact with water (as determined by mixing one part material to two parts by weight of aerated water at 20°C, shaking for half-an-hour, filtering the mixture with GFC (Glass Fibre) filter paper and conducting a standard five day biological oxygen demand test on the elutriate) so as to make it anaerobic i.e. devoid of oxygen. The material shall also not contain a significant water soluble content.

CONTROL OF POLLUTION Act 1974

Section 7

Notice of Modification of Waste Disposal Licence Condition(s)

To: Birlee Industrial Limited  
Dudley Port  
Tipton  
Sandwell

WHEREAS on 6th April 1978 THE WEST MIDLANDS COUNTY COUNCIL (hereinafter called "the Authority") granted you a Waste Disposal Licence relating to land at Rose Lane, Tividale

subject to the conditions set out therein

(AND WHEREAS on 20th October, 1980 you applied to the Authority to modify the said conditions)

NOTICE is HEREBY GIVEN that the Authority modifies the said conditions as follows:-

Add Condition 28

28. The following additional materials may be deposited at the site:-

(See attached sheet)

such modifications shall take effect on 8<sup>th</sup> December at

DATED

19

(Signed).....  
*K. Bratby*

Deputy Waste Disposal Officer

County Hall,  
1 Lancaster Circus,  
Queensway,  
Birmingham B4 7DJ.

Sheet 2 of 3  
Licence No. SL 113  
Amendment No.1

\*Clay, sand, top and sub soil, mine and quarry wastes.

\*Bricks, concrete or other demolition wastes, excluding loads consisting wholly of roofing asbestos, timber, plaster or plaster-board.

\*Road surfacing wastes.

\*These wastes shall not contain any hazardous quantity or concentration of any noxious, hazardous or polluting substance.

In this licence a hazardous quantity or concentration of any substance contained in any waste is to be regarded as hazardous if that substance is present in that waste in such a quantity or concentration as to subject persons or animals to material risk or death, injury, or impairment of health, or as to threaten the pollution, whether on the surface or underground, of any water supply.

Amendment No.1

#### Appeals

If a licence holder is aggrieved by the decision of the West Midlands County Council in modifying conditions specified in a disposal licence he may appeal to the Secretary of State in accordance with Section 10 of the Control of Pollution Act 1974. Appeals must be notified within 6 months of the date of this notice to the Secretary, Department of the Environment Waste Disposal Division, Becket House, Lambeth Palace Road, London SE1. The Secretary of State has power to allow a longer period for the giving of notice of an appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of an appeal.
