Dear Mr Hammond,

Your request was received on 20 January 2019 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

It would be wonderful if you could provide the following information for any re-applicants for the Natural Sciences Tripos, at any college in the university, between 2015 and the current application cycle.

a) Interview?

b) Offer?

c) Number of A A Levels*

d) Average UMS Score

e) Average Natural Science Admissions Assessment Scores

f) Any commonalities in the way successful re-applicants spend their gap year

I am aware that the University may not be able to differentiate between those applicants who were previously rejected and are re-applying, and those applicants who are applying for the first time after receiving A Level grades. If such is the case, it would still be wonderful if you could provide the information above for any post-A Level applicants.

The requested information, insofar as it is held, is attached. Information about interviews is not held; all interview processes for entry to undergraduate degree courses at the University are set and managed locally by each of the individual Colleges, each of which is a separate legal entity and public authority under the Act. Information about gap years is also not held.

Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

Notes	Apply Year	Figures are grouped by UCAS application year. The 2018 application year ran from applications opening in September 2017 to Confirmation in August 2018.
	Application Identifier	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
	UMS	A Levels in England are currently undergoing a period of significant reform. Many applicants applying from October 2016 onwards will be following linear, rather than modular, A level syllabuses meaning that UMS is no longer available in a number of subjects. UMS and SUMS data provided in this request is as supplied by the applicant at the point of entry, but may also include linear marks incorrectly presented as such.
