Brief description of Grant:		<p>This Business Case seeks approval to Grant award to not for profit organisations to drive the development and delivery of the IDCR Open Source and Code 4 Health Strategy.</p> <p>Specific outputs relate to delivering;</p> <ul style="list-style-type: none"> - Supporting the establishment of an NHS Open Source Foundation - Supporting the OpenDental CIC - Supporting the OpenEobs CIC - Supporting the OpenMinds CIC - Supporting other Not for Profit organisations including NHS Foundation Trusts / NHS Trusts
Reasons for the NCG request, rather than competing the requirement:		<p>NHS England will be supporting NHS Trusts to establish CICs in line with Gov.UK guidelines (https://www.gov.uk/set-up-a-social-enterprise) where Community Interest Statements and Asset Locks are approved by the CIC regulator.</p> <p>NHS England is a commissioning board and therefore is commissioning these not for profit organisations to provide custodianship and delivery services to the member NHS Trusts for the Integrated Digital Care Record Open Source Programme, Code 4 Health and directly addresses the imminent demands from front line NHS staff that are required to determine their technology requirements and interactions with the market place and suppliers.</p> <p>The NCG request is therefore on the grounds that the receiving bodies are bespoke not for profit Community Interest Companies established by NHS organisations (Trusts) to support the introduction of Open Source solutions within their community.</p>
