Dear Tom

1. I note that you are arranging to collect tissues from the mallard ducks submitted in November (Our reference 26-B0324-11-10). Do you also wish to collect samples from the black headed gull (26-B240-11-2010) also received in November?

2. Would it be possible to provide an update on remediation that is being carried out on the lagoon? Has there been any progress with the use of a membrane to act as a barrier?

Regards
