Dear Mr Weiss

Freedom of Information Request 360

Thank you for your request for information which we received on 10 January 2020.

Our answer to your questions is as follows:

Please state the names of the individuals that make up the Trust's Positive Risk Panel, together with their job titles and expertise.

The panel consists of Trust senior clinical leads from the range of professional backgrounds (psychiatry, psychology, nursing) and a clinical manager within the organisation. To ensure the Panel has appropriate clinical and operational expertise, the specific composition of each panel depends on the presentation and questions presented for review.

Please be advised the Trust does not routinely release the details of staff who work below Executive level in the organisation and we are withholding this information under Section 40 (1) (Personal Data) of the Act. Section 40(1) is an Absolute Exemption and is therefore not subject to the public interest test. We can, however, advise that the Executive Directors with overall responsibility are Dr Minoo Irani, Medical Officer, and David Townsend, Chief Operating Officer

We hope this response fulfils your request.

Should you not be satisfied with our response, you have a right to complain and request a review.

You should forward your complaint to foi.bht@berkshire.nhs.uk.

In the meantime if you have any queries then please contact us at the above address.

Yours sincerely

Julie Hill
