

# INTERNAL MEMORANDUM

FROM HEAD OF ENVIRONMENTAL  
HEALTH SERVICES

TO HEAD OF LAND USE PLANNING  
SERVICES

My Reference RD/RR

Your Reference  
Date 17 August 2001

6322

**PLANNING APPLICATION NUMBER: S01/0912/71**  
**MODIFY SHOOTING HOURS**  
**STUBTON GORSE, STUBTON**

I refer to your memorandum dated 30 July 2001 in connection with the planning application in respect of the above premises.

At present this service is currently investigating complaints of noise nuisance caused by the clay pigeon shooting taking place at this site. One of the issues is the hours of use this activity is taking place. On this basis I would be concerned about approval of any extension of hours of use of this activity which is what is being sought with this application. At present I would recommend that this application is not approved until the investigations of noise complaints have been resolved especially with regard to the issue of shooting taking place after 8.00 pm.

P Doughty  
Principal Environmental Health Officer (Environment)

*Note Brian confirmed  
"no noise nuisance proven"
