You asked:

3) Provision of transgender related healthcare for children

4) Provision of transgender related healthcare for adolescents

5) Provision of transgender related healthcare for adults

Our response

3 – 5) NHS Cheshire CCG does not have any policies specifically for the provision of transgender related healthcare for children, adolescents and adults.

Please be advised that transgender services are commissioned by NHS England. You may therefore wish to redirect your request for this information to NHS England, who can be contacted for Freedom of Information requests via the following email address: england.contactus@nhs.net

You asked:

6) Capacity and consent to treatment for young people

Our response:

6) NHS Cheshire CCG is a commissioner of healthcare services and does not provide direct treatment to patients. As a result, NHS Cheshire CCG does not have specific policy for capacity and consent to treatment for young people.

NHS Cheshire CCG does however expect all commissioned providers of NHS healthcare to follow national guidance in relation to consent to treatment for children and young people, further information about which can be found on the NHS England website at <https://www.nhs.uk/conditions/consent-to-treatment/children/>.

You asked:

7) Supplementing NHS care with private care

NHS Cheshire CCG commissions NHS healthcare and treatments in line with national guidance, further information about which can be found on the NHS England website at: <https://www.nhs.uk/common-health-questions/nhs-services-and-treatments/if-i-pay-for-private-treatment-how-will-my-nhs-care-be-affected/>
