Dear

Thank you for your Freedom of Information (FOI) request received by NHS London on 21 June 2011. You requested details on disposal contracts for Waste Electrical and Electronic Equipment (WEEE).

Please note that NHS has understood your request as requiring contract information for NHS organisations in London and have replied accordingly. Please do let us know however if we have misunderstood the request and require information solely in relation to our organisation, as we would be more than happy to progress this

Disposal contracts would be tendered for and signed up to by individual NHS organisations in London using contractors of their choice. We would therefore not hold information in relation to these and you would need to contact each organisation directly. The following link provides contact details

<http://www.london.nhs.uk/your-nhs-in-london/nhs-in-london>

There are some framework arrangements in place (pre tendered contracts) which organisations could use and information regarding these may be obtained from:
