Dear Jarrod Kirkman,

Re: Deaths within 28 days of receiving a Covid-19 vaccine

Thank you for your request received on 16 July 2021 addressed to Public Health England (PHE). In accordance with Section 1(1)(a) of the Freedom of Information Act 2000 (the Act), I can confirm that PHE does not hold the information you have specified.

Request

Please supply the total number of people who have died within 28 days of receiving the Covid-19 vaccine since the vaccine roll out in December 2020 to July 2021.

Response

PHE can confirm that it does not hold the information you have specified.

PHE does not monitor non-COVID-19 deaths within 28 days of having a vaccine. You may wish to contact the Office for National Statistics (ONS), which is responsible for the registration of death certificates within England and Wales or the Medicines and Healthcare products Regulatory Agency (MHRA), which is responsible for ensuring the safety, quality and effectiveness of medicines, medical devices and blood components for the transfusion in the United Kingdom.

The ONS also publish mortality statistics, including those relating to the COVID-19 pandemic. You may be interested in the ONS Monthly Mortality analysis, specifically 'Table 12: Number of deaths with ICD-10 codes related to COVID-19 mentioned on the death certificate, by ICD-10 code, deaths registered in March 2020 to May 2021, England and Wales'. This table includes 'COVID-19 vaccines causing adverse effects in therapeutic use, unspecified'. You can access this data at:

Should you wish to submit further enquiries or freedom of information requests pertaining to the above data, the ONS FOI team will be able to assist you further.

If you have any queries regarding the information that has been supplied to you, please refer your query to me in writing in the first instance. If you remain dissatisfied and would like to request an internal review, then please contact us at the address above or by emailing foi@phe.gov.uk.
