Mike,

I hope you are well.

It is with regret that I write to ask that the planning application for the AD facility at Gedling (7/2014/1154NCC) be formally withdrawn.

Whilst we remain firmly of the view that the site is eminently suitable for AD, and that our application is a robust and comprehensive one, the unusually onerous time and commercial impact of the Regulation 22 Request and its knock on effect are such that we do not any longer wish to pursue the site.

As such I would be grateful if you would formally withdraw the application from the council's consideration.

Thank you for your efforts on the application to date, and the fair and balanced stance you have retained in the face of significant public debate.

I would be grateful if you would acknowledge receipt of this email.

Yours,

Simon Greaves
