

## Response to Request for Information

**Reference:** FOI 1058  
**Date:** 16 June 2011  
**Type of request** Freedom of Information Request

### ***Ad-hoc policy groups***

Could you please provide me with a list of ad-hoc policy groups established to date, along with the membership, date and location of meetings and any papers, agendas, reports etc associated with them?

Note that this will be a regular request until the publishing scheme is amended to catch up.

We have interpreted this request to relate to the new Cabinet Advisory Groups, introduced as part of the changes to the Constitution on 17 May.

No such groups have been established in the weeks since this decision and this request and we therefore do not hold any further information.

Please note that the terms of the Cabinet Advisory Groups are explained in Article 11.02 of the Constitution. As these will be “informal meetings”, they will not be formally supported with agendas or papers. The Head of Democratic and Members’ Services will maintain a schedule of these Advisory Groups and details of representation.
