

Request	Data	<p>"...I would like to request detailed information on the number of Chinese undergraduate applications and admissions for the Mathematics, BA (Hons) Undergraduate Course (G100) in each of the colleges of the University of Cambridge from 2020, 2021, 2022, 2023, and 2024.</p> <p>Specifically, I would like to request the following information:</p> <ol style="list-style-type: none"> 1.The number of Chinese students applying for G100 in each college in the past five years. 2.The number of Chinese students who applied for G100 admission in each college in the past five years. 3.The number of Chinese students who received interviews for G100 in each college in the past five years. 4.The STEP scores obtained by students are grouped according to the institutions they applied for. 5.The data according to the Apply Year, Domicile, College, Applications, Offers."

	On	Friday, 25 October, 2024

Notes	Apply/Entry Years	<p>Apply Year - figures are grouped by UCAS application year. The 2024 application year ran from applications opening in September 2023 to Confirmation in August 2024.</p> <p>Entry Year - figures grouped by entry year includes standard entry applications from the 2024 application round and deferred entry applications from the 2022/2023 rounds.</p>
	Application Changes	Please note that some applicants move between Colleges and Courses during the admissions round.
	Application Identifier	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
	Domicile	Domicile information is based on the Area of Permanent Residence declared by applicants at UCAS.
	STEP Results	<p>In most cases, regardless of whether they are post-qualified, applicants will take STEP in the summer of their application year and only if they are made an offer of a place. It is uncommon for applicants to apply with achieved grades in STEP papers 2 and 3. Therefore, the STEP results originally provided in response to your request were those achieved post-application, after offers were made. This is why there are very few applicants without an offer taking STEP. A number of the offer holders listed in this dataset would have ultimately been unsuccessful on the basis of the STEP results attained.</p> <p>S - Outstanding 1 - Very Good 2 - Good 3 - Satisfactory U - Unclassified X - Absent</p>
