Request	Data	
		"I am requesting information for the following cycles for the 4 year Graduate Entry Medicine Programme.
		A) 2021/2022 cycle for Sep 2022 entry B) 2020/2021 cycle for Sep 2021 entry
		C) 2019/2020 cycle for Sep 2020 entry
		The information I would like is:
		1) The lowest degree classification invited to interview.
		2) A list of the degree classifications/degree subject/BMAT scores/A level grades for each candidate that was given an offer. If the 2022 cycle data is not yet available, then please give the data of students that were invited to interview. Can this please be listed in such a way that the data is grouped to each candidate.
		3) How many offers were given for each cycle. How many interview invites were given for each cycle.
		4) Any information on selection"

Notes	Apply/Entry Years	Apply Year - figures are grouped by UCAS application year. The 2021 application year ran from applications opening in September 2020 to Confirmation in August 2021.
		Entry Year - figures grouped by entry year includes standard entry applications from the 2020 application round and deferred entry applications from the 2018/2019 rounds.
	Application Identifier	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
	Course Changes	Please note that some applicants move between courses during the admissions round.
	Declared Qualifications	Qualification information is declared by applicants through their UCAS application, and is not verified at the point of application.
	ВМАТ	Applicants for the Graduate Course in Medicine (A101) are not required to take an admission assessment. However, if you wish to apply to both the Standard Course (A100) and Graduate Course (A101), you're required to take the Biomedical Admission Test (BMAT) – see the Standard Course (A100) entry requirements information for details of the BMAT:
