Dear Robert,

Request for information under the Freedom of Information Act 2000 ("the Act")

Further to your recent request for information held by King's College London, I am writing to confirm that some of the requested information is held by the university.

Your request

We received your information request on 4 December 2019 and have treated it as a request for information made under section 1(1) of the Act.

You requested the following information:

The specific course in question is Artificial Intelligence for 2019/2020.

I would like to formally request the statistics concerning those who were accepted. More specifically, I would like to know the average grade achieved in their previous bachelors qualification (or equivalent).

I'd appreciate if you could facilitate this; preferably by means of percentage, though labelled honours classes would also work i.e. 2:1, 1st.

Our response

Please see attached excel document.

Please note the following:

- We do not hold data on average grades. What has been provided, which is the closest we have, is qualification data that the applicant would have manually inputted onto their application.
 - As qualifications come from a variety of different education systems and at differing levels, they cannot be converted to an applicant's data input into percentages or UK classifications.
 - the most recent qualification they have inputted has been used.
- Accepted was taken to mean anyone who received an offer for the programme.

This completes the university's response to your information request.
