Dear Mr Dimitroulopoulos,

Your request was received on 25 June 2018 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

1) Please provide, for the 2016/2017 and 2015/2016 LLM admissions cycles, the median grade averages, per institution, of successful offerholders who completed undergraduate degrees at the following universities:

University of Oxford

University of Cambridge

London School of Economics and Political Science University College London King's College

London Queen Mary, University of London

I expect the data to take the form of: "Oxford: <insert grade average>, Cambridge: <insert grade average>", etc.

***For the avoidance of uncertainty, 'achieved grades' are the ones present on an applicant's application form.** They will have typically been achieved in the first two years, or three years, of an applicant's undergraduate studies. Please assume equal weighting if the value of the module is unknown.*

2) Please provide, for the 2016/2017 and 2015/2016 LLM admissions cycles, the number of applicants, number of offerholders, and the offer rate, for successful LLM applicants with undergraduate degrees from the following universities:

University of Oxford

University of Cambridge

London School of Economics and Political Science University College London King's College

London Queen Mary, University of London University of Exeter University of Bristol University of

UNIVERSITY OF CAMBRIDGE

Registry's Office

So, for instance, if 10 people who had completed their undergraduate degree at Oxford applied to the Cambridge LLM, and 7 received offers, this works out as an offer rate of 70%.

- 1) The information on achieved grades is not held.
- 2) The requested information is attached. Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.
