Dear Mr McLean

Freedom of Information Request 103205

I refer to your correspondence dated 28th May 2021 in which you requested the following information.

I am looking for the details of your social care structure, specifically relating to Adult Social Work / Community Care teams.

I require the following details please:

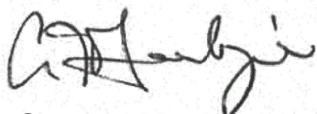

- **Management structure of the teams with contact names, including how these are split between community care, older people, learning disability, physical disability, review team, mental health.**
- **Where they are based;**
- **Names of individual team leaders / service managers in these areas;**
- **Contact details for the team leaders / service managers.**

In response I have provided social work staff structure and a breakdown of where each team is based along with contact details.. We have not provided names and direct contact details of staff members working below Service Manager level. This information is withheld under section 38(1)(b) of FOISA – it is the personal data of third parties and it would breach the data protection principles to release these.

I trust that this information is helpful.

Please also refer to the enclosed leaflet which explains your right to complain about the handling of your enquiry.

Yours sincerely

Gordon MacKenzie
