Dear Scott,

Thank you for your request for information made under provision of the Freedom of Information Act 2000.

Please find the Trust's response to your query below (Reference FOI_4174)

Dear Royal Papworth Hospital NHS Foundation Trust, This request relates to UK Environmental Legislation, specifically Air Conditioning Inspection Reporting, which is mandatory for UK hospital buildings which are air conditioned above a statutory minimum size.

Q. How many buildings do you occupy which have air conditioning. Provide building names.

Royal Papworth House - one split unit air conditioning unit
Royal Papworth Hospital – one split unit air conditioning unit in the Blood Science unit
Royal Papworth Hospital – one split unit air conditioning unit in the Energy centre
Royal Papworth Hospital – two split units in the retail outlets
Royal Papworth Hospital - air handling chiller units

Q. Who is the responsible person for ensuring that your buildings are legally compliant on this mandatory environmental matter? Provide the name, position, address, email address and direct telephone number of the responsible person.

Andrew Selby, Associate Director of Estate and Facilities, andrewselby@nhs.net

Q. All reports are mandatorily lodged on a Government database. No reports are currently lodged or are out of date, you are therefore non-compliant. Has your Trust Board been made aware of this breach?

Royal Papworth House - The air conditioning units that the Trust operates are under 3.5kw unit and therefore the Trust believe these fall under the requirement of the UK Environmental Legislation

Royal Papworth Hospital - This inspection is only for a total output of 12kw and over. Our systems total over 12 Kw. However in accordance with the regulations for systems put into service after 1st January 2008, the first inspection must have taken place within the first 5 years of the date when the system was first put into service. The systems were put into service in February 2019, therefore we are compliant.

Q. Provide the name and email address of the ultimate person who has made the decision to ignore this Environmental Legislation. **Not applicable, please see above**

Q. Provide the name and email address of each Trust Board Member.
