Subject: The Orchard, Barrack Street

Good morning [REDACTED]

Wanted to still discuss this with you yesterday, but got tied up after lunch in meetings. With regard to the Barrack Street application we need some additional information and clarification of the following points in order to update the report that needs to go back to committee. The deadline for my report is the 2nd October 2014. The comments from last committee are:

1. To clarify the situation with the proposed footpath that ECC are installing at Steam Mill Road and the improvements to the junction with Barrack Street required by the ECC conditions in connection with the application. The report will specifically need to include:

- details of the footpath project and the application works and how the two things fit together i.e will the application works have an adverse impact on the proposed footpath.

2. Clear description of the width of the Steam Mill Road following the works.

I hope you can help on this please.

Thank you,

[REDACTED]
