Hi Becky
Thanks for responding so quickly
Re: the letter – noted, and def' needs looking at
No problem at all with the meeting being when is convenient for you.
Cheers
Mark

Hi Mark,

It's the wording of the letter that's causing confusion here.

[REDACTED]

[REDACTED] I have my catch up with David Wise today and we'll sort out offer of dates for a meeting but realistically it's going to be after half-term [REDACTED]

Reading their submission, it's not a HS2 development, while they'll be training a lot of HS2 apprentices they'd also be potentially training for others too. I'm not sure that anyone in DM has spoken with them before, but this is the one that Chrissy and you were discussing the other week in the office where we felt we should be pointing them towards Westcott VP rather than this isolated countryside location; which it has come to light is ridge and furrow too, so driving diggers all over the field is likely to be problematic. It would be handy to know what has been said to them previously, because my initial assessment of this is that the location is entirely wrong.

Kind regards

Becky Jarratt

Hi Becky

Any thoughts as to why we can't give them a virtual meeting for this one.

Not sure how it works/worked, but is this something that AVDC legacy wise was dealt with by us in DM, or the specific HS2 team?

Cheers

Mark

Hi Mark

Do we know whether we can offer a meeting prior to the written comments?

Many Thanks

Chrissy

Chrissy

Please can you look at this. This is the HS2/construction skills training centre that Ian and I met them about a while ago.

Thanks

Steve

Dear Steve

Re: Red Furlong Farm

I have received notification from the Council that Flannery might expect a written response to the pre application enquiry by 8th June.

Flannery have actually paid for a meeting. In view of the economic significance of this development and, I acknowledge, its unusual features, I very much welcome a virtual meeting with your planning officer in order to discuss this proposal.

With kind regards,

[REDACTED]
