

Requested information:

Please can you tell me why ANPR cameras have been added in two places on Brassmill Lane and a CCTV camera on Avon Park. How long will they be in place and what the use is in a residential area.

Response:

Your request was allocated to the following teams/departments within the Council to assist with a response:

- Parking Services
- Traffic Monitoring
- Traffic management (Signals)
- Clean Air Zone (CAZ)
- CCTV

The above departments/teams have all confirmed that they are not responsible for the cameras in question.
