**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Dear Ms Wightman

Many thanks for your correspondence below concerning the FOI request.

On the subject of releasing certain parts of the draft report, as the draft report has been completely superseded by the report that was issued and in the public domain, we believe there is no need to disclose any part of the draft report. Thus, we do not consent to the release of any part of the draft report.

We are happy for you to inform National Grid of our decision.

Regards

Jane Wilson

**Subject:** Freedom of Information Request : Draft Arcadis Report IFA2 - FOI474

Good morning,

I write further to our correspondence in early January whereby I contacted you regarding the draft IFA2 Arcadis report that was supplied to Fareham Borough Council in September 2016.

You will recall that, at that time, that the Council was dealing with a Freedom of Information request which sought disclosure of that draft Report after it had been identified that the Council did hold a copy of this.

At that time, your views were this draft report had been supplied in confidence and, taking your views into account, the Council withheld releasing this report and applied the exemption under Section 41 of the Freedom of Information Act – “Information provided in confidence”.

The Applicant of that FOI request has communicated further with us to confirm if we are applying S41 to the entire report.

To that end, may I please ask if your view is that the entire draft report should still be withheld or whether you consider there are certain parts which could be released. For example, are there are parts of the draft report which overlap with the final that you may consider can be released?

To enable us to reply to the Applicant within the time frame for responding to Freedom of Information requests, may I please ask if you can consider our request and respond on or before the 17 February. If you believe this does not provide sufficient time to respond, could you please let me know at your earliest convenience.

I can confirm that this email is being sent to both yourselves and National Grid.

Kind regards,

Samantha Wightman  
Committee and Information Services Manager  
Fareham Borough Council
