Details of the next steps on the proposed schemes that were confirmed in the feasibility studies, which included the A27, are set out in the Highways England Delivery Plan, which has been published today and is available at:

<https://www.gov.uk/government/publications/highways-england-delivery-plan-2015-2020>

As a first step, during 2015 Highways England proposes to develop and assess a range of options to inform consultation with stakeholders on the A27 bypasses at Arundel and Worthing/Lancing. Recommendations on the preferred routes for these schemes will be made thereafter.
