Hi [REDACTED]

The event was well attended with excellent press coverage and attendance from the public; a very positive day.

Our suppliers should be delivering your hard copy materials today and I hope they will also be dropping off additional consultation brochures and questionnaires in case you need any.

I believe we offered to give Nick a private briefing on the scheme and associated risks once consultation had commenced and I am happy to come down to Arundel for a conversation if that would be helpful?

Regards

Subject: Technical reports

Good morning Alan and [REDACTED]

I trust yesterday went well, as far as you are all concerned, and that you found the press coverage supportive.

Nick's news release can be read here <http://www.nickherbert.com/news.php/780/mp-welcomes-consultation-for-arundel-bypass>

I am just writing to advise that we are still waiting for the hard copies of the technical reports which were promised. Please can I ask again that are sent to me at the constituency office, 104 Parsonage Road, Henfield, West Sussex, BN5 9HZ.

Many thanks,

[REDACTED]
