Notes	Apply/Entry Years	<b>Apply Year</b> - figures are grouped by UCAS application year. The 2022 application year ran from applications opening in September 2021 to Confirmation in August 2022. <b>Entry Year</b> - figures grouped by entry year includes standard entry applications from the 2022 application round and deferred entry applications from the 2020/2021 rounds.
	Application Changes	Please note that some applicants move between Colleges and Courses during the admissions round.
	Application Identifier	Applicant information has been anonymized, with each applicant assigned a dummy application identifier.
	Qualifications	<b>Predicted</b> - qualification information is provided as and if supplied in the relevant field on the UCAS reference. <b>Declared</b> - qualification information is declared by applicants through their UCAS application, and is not verified at the point of application. <b>Verified</b> - qualification information is based on verified results received from the relevant awarding body.
	Adjustment eligible	The August Reconsideration Pool (ARP) was a new process for the 2022 cycle. Previously, offers were made in August via UCAS Adjustment. The University of Cambridge used the Adjustment process from 2019 to 2021.  Please note that the figures here show applicants who fulfilled all of the Adjustment eligibility criteria. These applicants met the contextual flags, UCAS eligibility and achieved at least the typical Cambridge offer for the course they applied for.
