FOI Manager

Els Despriet
By email

Reference: FOI-2020-149

6 March 2020

Dear Els Despriet,

Your request was received on 11 February 2020 and I am dealing with it under the terms of the Freedom of Information Act 2000 ('the Act').

You asked:

> *Please would you let me know what the average A*/8/9 grade counts and CSAT scores (if applicable) were for successful (i.e. accepted) applicants for Computer Science split up by individual college.*
> *I would like to have this information for the last 4 admissions cycles.*

The requested information, insofar as it is held, is attached. Information about CSAT scores is not held; this aspect of the application process is managed locally by each of the individual Colleges, each of which is a separate legal entity and public authority under the Act.

Please note that the attached document should not be copied, reproduced or used except in accordance with the law of copyright.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request an internal review of this decision, you should contact us quoting the reference number above. The University would normally expect to receive your request for an internal review within 40 working days of the date of this letter and reserves the right not to review a decision where there has been undue delay in raising a complaint. If you are not content with the outcome of your review, you may apply directly to the Information Commissioner for a decision. Generally, the Information Commissioner cannot make a decision unless you have exhausted the complaints procedure provided by the University. The Information Commissioner may be contacted at: The Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF (https://ico.org.uk/).

Notes	Apply Year	Figures are grouped by UCAS application year. The 2019 application year ran from applications opening in September 2018 to Confirmation in August 2019.
	GCSE	GCSE qualification information is supplied as declared by applicants through their UCAS application.
	GCSE A* Grades	GCSE numerical grades of 8 and 9 are converted to A* and are used in calculating the average No. of A* at GCSE. Please note the some applicants have taken a low number of GCSE qualifications, which will impact on the calculation of the average number of A* grades.

Course	College	Average No. of A* at GCSE by Apply Year for Applicants Accepting an Offer
