9 July 2019

Dear Mr Knight

Active average speed limit lights

Thank you for your email dated 27 June 2019 in relation to the lights that accompany the average speed cameras on the M4 between junctions 1 and 3.

I confirm that the lights which accompany each set of Specs 3 Vector Average Speed Camera are active. For your information, the M4 camera system uses infra-red lighting which does not emit visible light.

I thank you again for contacting us and I hope that this has helped with your enquiry. If you have any further questions regarding this or any other Highways England issue please feel free to contact us via our 24 hour Customer Contact Centre on 0300 123 5000. Alternatively you can contact us via email: info@highwaysengland.co.uk, or access our website where information on all Highways England policies and procedures can be found: www.highwaysengland.co.uk.

To help us identify and make improvements to our responses, I would be very grateful if you could please take our feedback survey by clicking [here](#)

Yours sincerely

R.M. Parente García
