

Kingston Hospital NHS Foundation Trust aims to provide high quality services to all patients and visitors, and welcomes comments and suggestions from service users. However, there will be occasions when we fail to meet your expectations and you feel that a comment or a complaint is justified.

Alternatively, you may feel that you have received a favourable level of service deserving of a compliment.

The intention of this leaflet is to assist you making your comments or complaint and to assure you that they will be given serious consideration.

How do I make a complaint?

We would very much encourage you to tell us straightaway if you are unhappy with your care or treatment, as most problems can be resolved simply by talking to the staff involved.

Alternatively, there are two options available at the hospital for you to provide us with comments or complaints about the treatment that you or your relative may have received.

Patient Advice and Liaison Service (PALS)

This service is for patients, relatives, carers and friends who need somewhere to turn to for on-the-spot help, advice and support. PALS acts as a central point from which information can be obtained, and helps to sort out problems or concerns that you may have about the hospital's services when you have not been able to do so by speaking to the staff on the ward or in the clinic.

If you still feel that there are issues to be resolved having used PALS, they can also provide you with information about the formal complaints process.

The PALS service operates
Monday – Friday between 9am – 5pm
(if a PALS Officer is unavailable, they will respond to you as quickly as they can)

The PALS office is situated at the junction of the link corridor and Bernard Meade Wing

Direct Line: 020 8934 3993
Email: pals@kingstonhospital.nhs.uk

Formal Complaints Process

If you remain unhappy, please write to the Chief Executive at the address on the front of this leaflet. Alternatively, call the Chief Executive's Complaints Office on ext 2250

between 9am and 5pm Monday – Friday or email your concerns to
khft.complaints.team@nhs.net

Your complaint will not, in any way, adversely affect any future treatment you may need. Comments are welcomed for all users of our services. The Trust aims to ensure the equality of patient care to all patients irrespective of age, colour, creed, ethnic or national origin, marital status, nationality, physical or mental disability, race, religious belief, sex or sexual orientation.

It is important that the Trust Board are aware of concerns raised about the hospital. When your complaint is shared with them, they will keep any identifiable information strictly confidential.

If you require independent help to make a complaint, you can contact the Independent Health Complaints Advocacy Service (IHCAS) on 0203 553 5960 or email LondonIHCAS@pohwer.net
