## Access to Information Fact Sheet

**Note:** This leaflet gives an overview of some of the main provisions of the Freedom of Information Act and Environmental Information Regulations and should not be regarded as a legal interpretation.

**1. What is the Freedom of Information Act?** The Freedom of Information (FOI) Act 2000 was fully implemented on 1<sup>st</sup> January 2005, giving you the right to request information from public authorities. This allows you to access information about how the Department works, spends public money, reaches decisions, etc.

### 2. Information may also be obtained under:

- **The Data Protection Act 1998 (DPA)** - this allows you access to information held *about you* by both public and private organisations, and gives you the right to make sure it is correct.
- **The Environmental Information Regulations 2004 (EIRs)** - This legislation gives you access to any environmental information held by organisations that perform public functions.

**3. How do I get information about DETI under these Acts?** You can find information on the Department's website: <http://www.detini.gov.uk>. If you can't see what you're looking for you can contact us by email at [foi@detini.gov.uk](mailto:foi@detini.gov.uk) or write to us at:

**Information Management Unit  
Department of Enterprise, Trade and Investment  
Netherleigh, Massey Avenue  
Belfast BT4 2JP**

Please state your name, address, telephone number and specific details of the information you require.

**4. How long does it take to get information under the FOI Act?** Once a written request for information is received, we will respond promptly, and at any rate, within 20 working days. In certain circumstances a final response may be made outside this period where additional time is needed to determine whether or not disclosure would be in the public interest.

**5. Is there a cost?** This depends on a number of factors including the volume and complexity of material requested. Responses to enquiries that cost the department less than £600 to process<sup>i</sup> will be provided free of charge, although there may be a small charge for disbursements<sup>ii</sup>. The Department has a right to refuse an FOI request if the cost of locating and retrieving the information exceeds £600. We will not refuse a request for environmental information on the grounds of cost alone; however we have the right to charge a reasonable amount to cover processing costs. In all cases, we will notify you of any estimated costs before proceeding with the request.

**6. What happens if the information I want is not available?** The Department is not obliged to create or acquire information it does not already hold, but we will try to assist where possible. We may contact you about what relevant information we do hold, or may offer to transfer your request to another public authority that might help.

**7. Can I have any information at all?** The FOI Act and Environmental Information Regulations allow you access to much of the information held by public bodies. But some types of information are exempted, for example personal details about others, or where disclosure might prejudice a company's commercial interests.

**8. What if I am refused information?** We will tell you if information is being withheld and why. If you are unhappy with how we have handled your request you have the right to request an internal review. To request an internal review send an email or letter within 40 working days, to our **Head of Corporate Services** – see contact details at point 3 above.

We will reply to you within 20 working days. If you are not satisfied with the result of the internal review you may appeal to the Information Commissioner (details provided below at point 9). The Commissioner will normally expect an internal review to have been carried out prior to appeal.

**9. How do I find out more?** More information is available from office of the Information Commissioner at:
