Dear Requester

Thank you for your request for information dated the 16<sup>th</sup> April 2020 about the chalcots estate full BRE report. We have dealt with this under the Environmental Information Regulations 2004.

## Response

The council holds the information requested and the answers to your questions are as follows:

*I am requesting the chalcots estate full BRE report*

We extended the time period for this request to consider the public interest test for a qualified exemption and needed more time to do this. We have now considered this test and have agreed to release the information requested without any exemption. Please see attached the final version of the BRE report, we have provided two versions of the report the final version and a version with comments and amendments from the contractors.

The final assessment of the window design validation (engagement and due diligence) is in the body of the report and the purpose of the appendices is to document the various items considered with comments on views and considerations throughout the process. This means that statements / comments include changes based on clarification and additional evidence submitted. There is documented conversations about views at different stages of the review process.
