Catherine - My question. We would welcome occasional visits from a PCSO/PC to the Wale Recreation Ground on summer evenings, is that possible? The reason is that the Little Shelford Wale Recreation Ground usage has exploded during lock-down and this appears to be because of its isolated location, single entrance and surrounding wall. As a result we have experienced some limited vandalism and a lot of excessive litter. We have spoken to many of the groups to request they take their litter home and to let them know they are welcome to use the recreation ground if they abide by those simple rules. They have told us they come from Cambridge as well as the local villages. Little Shelford PC members and local residents being willing to speak with these visiting groups of young people and encouraging responsible behaviour and Shelford and Stapleford Youth Initiative Youth Workers are also visiting to talk to the groups. But, we believe it would also help if PCSO's could visit the Wale for a short walk around occasionally as there hasn't been a need for this viability in the past and we think this could also help encourage responsible behaviour. Thanks. David

Request a bit more info - especially when there is an incident with vehicles passing thru Cottenham on blue lights. Maybe a follow-up email to Parish Clerk within 24 hours (respecting process confidentiality)

[16/07 19:38] Frank (Guest)

Cottenham is using Connections Bus team to bringing in Youth Workers to talk to unruly groups.
