I am gathering information on bus and public transport provision as part of the Save our Buses campaign, which maps cuts to bus services across the country. We know that the Government has made deep cuts to local authority budgets, and that this is having an effect on the provision of local bus services. We would like to gather a national picture of bus cuts, so that we can explain to central Government exactly how their decisions are having an impact across the country.	We pay £34.98p per day for the 17 service which operates Monday to Friday (Derby – Darley Abbey – Allestree).
