It makes no difference to us if it is delayed another day or so, however I understand that TfL are keen to submit the Submissions of Details applications on our side.

Neil - Please could you confirm whether you would like us to wait until Newham is ready or issue the decision notice as soon as we are ready?

Neil,

It is only the case for the part of Newham around Beckton (plus our parts of Barking and Dagenham and Havering). We retain powers in "Lower Lea Valley" until sometime next year (probably October but might change) which includes the zone for the cable car so the applications to discharge conditions will come to both authorities.

All the best

I have been alerted to a statement from Bob Neill MP stating that the LTGDC's planning functions are being returned to LB Newham (and others) on 1st April 2011. Is this the case, and how will it affect things on the cable car going forward in respect of our submissions to discharge planning conditions?

Any advice would be welcome

Kind regards

Neil

Neil,

No need to worry at all.

The LTGDC powers are only being handed back to Newham for the Beckton area from 1st April 2011. The change to the LTGDC Order does not impact on the LTGDC's powers in the Lower Lea Valley / Thameside West and does not impact on the cable car application.

All,

To clarify, I thought it best to issue the permissions on the same day so that the entire length is approved as one. Otherwise, hypothetically speaking, we could be in a situation where one section is approved and potentially implemented when the rest is still awaiting approval (situations like this we would normally control with a Grampian condition).

A pedantic point I know, but considering the amount of third party scrutiny and with threats of JR flying around, I thought it would be a safer option.

Dear all

The three cable car referrals were today considered by the Sir Simon Milton, Deputy Mayor, who recommended to allow the local planning authorities to make their own determinations.

The three LPA letter and report packs are attached below - hard copies are in the post this afternoon.

Please contact me should you have any queries. Regards, Glen Rollings
