

# Freedom of Information Request

---

Reference Number: [EPUT.FOI.19.982](#)  
Date Received: [22 February 2019](#)

---

## Information Requested:

1. For each of the past three calendar years (2016, 17, and 18) how many children were referred to the Child and Mental Health Services at your trust? Please divide that information by age (0-4 years) (5-9 years) (10-14 years) and (15-17 years).  
[N/A](#)
2. For each of the past three calendar years (2016, 17, and 18) what was the average waiting time for patients referred to the Child and Mental Health Services at your trust? Please divide that information by age (0-4 years) (5-9 years) (10-14 years) and (15-17 years).  
[N/A](#)
3. For each of the past three calendar years (2016, 17, and 18) how many children had to wait longer than four weeks for a referral? Please divide that information by age (0-4 years) (5-9 years) (10-14 years) and (15-17 years).  
[N/A](#)
4. For each of the past three calendar years (2016, 17, and 18) how many children were referred away to other trusts due to limited capacity? (Please name those Trusts)  
[N/A](#)
5. For each of the past three calendar years (2016, 17, and 18) what was the longest waiting time for a patient referred to the Child and Mental Health Services at your trust? If possible, please also include their age.  
[N/A](#)

The Trust can advise that during the period covered by this request (2016, 17, and 18) EPUT had no Community MH Children's Services and only had Inpatient MH Children's Services.
