3) Could you tell me how many of the people who started treatment in 2019 did it online? And similarly, how many of the people who started in 2020 did so online?

This information will be held in the individual's medical record. Therefore it would require a manual trawl of all patients. However, Section 12 of the FOI Act makes provision for public authorities to refuse requests for information where the cost of dealing with them would exceed the appropriate limit, which for local authorities is set at £450. This represents the estimated cost of one person spending 2.5 working days in determining whether the department holds the information, locating, retrieving and extracting the information. The Trust estimates it will take in excess of 2.5 working days to locate retrieve and manually go through each individual record to extract the information in reference to your request. Therefore, this part of your request will not be processed further. We estimate that it will take us in excess of 2.5 working days to determine appropriate material and locate, retrieve and extract the information in reference to your request. Therefore, your request will not be processed further.

4) Finally, could you tell me how many people are currently on a waiting list for CAMHS treatment, and how that compares to the same point last year?

Worcestershire	Oct-19	Oct-20
