- Since April 2012, we have carried out two car clocking investigations

5) What is your council's policy for alerting innocent members of the public and motor trade to vehicles the council has successfully proven have been "clocked"?

- Where it is in the public interest, we will issue press releases and promote these through our website

6) Can you provide confirmation in respect of question 5 of the type of action you have taken to warn people about the vehicles you have discovered to have

been clocked?

For example, publishing vehicle details, alerting Auto Trader or other specialist publications; registering data with HPI and other mileage data services.
