Subject: COVID-19 UPDATE

Hello everyone

I am writing to give you an update around Covid-19.

- Communications via our website – Please use our website to look for updates, [here](#). This page will be used to provide information for Covid-19 in relation to Adult Social Care. It will focus on providing information for (1) providers and (2) service users and their families;
- Managing requests for PPE – Please see attached message from Department of Health and Social Care (DHSC) around supplies of PPE

For residential care homes and homecare providers, 300 face masks will be distributed early next week, directly from the national stock.

Current PPE guidance for the care sector can be found at :
<https://www.england.nhs.uk/coronavirus/community-social-care-ambulance/infection-control/personal-protective-equipment-ppe/>

- FAQs – FAQs will be available on the website later this week;
- Communication with providers – Please see attached document describing the communication we will make with you as individual services and the types of questions we are likely to ask.

All of the information contained in this email has now been published on our website and will be updated on a regular basis.

If you have any questions please email the commissioning inbox at commissioning@northtyneside.gov.uk

Once again, thank you for all of your continued efforts and the massive input you make for everyone who requires some health and social care support.

Kind regards

Rachael Dover,
On behalf of the ASC Commissioning Team

Subject: Comms - for providers

Hi Debbie

I understand the *covid-19 provider group* has now disappeared to everyone but yourself!! And ICT are working to change this so that we all have access.

We have an email to send which has already been approved by Comms.

Rachael, could you please send through the email to Debbie so that she can send it.

Thank you

Leanne
