Dear Care Home Manager

Sorry to bombard you with emails at this difficult time, but we have been asked to remind you about the importance of using the NECS Online Capacity Tracker, as per national guidance, that now has business continuity functionality built in (please see guidance attached).

Thank you to those that are updating regularly.

We have noticed that some homes are registered but haven't updated their status in a while.
If you are a new manager and are not registered please visit:

<https://carehomes.necsu.nhs.uk/?ReturnUrl=%2Fhome>

The NECS capacity tracker helpline number is 0191 691 3729

Many thanks

Jemma Hurrell

Commissioning Manager, People Based Commissioning Team
Quadrant East, Cobalt Business Park, The Silverlink North, North Tyneside, NE27 0BY
