Subject: Care placements for adults with learning disabilities and epilepsy

I can confirm that the ICB does hold some of the information requested; please see responses below:

QUESTION	RESPONSE
1. Please provide the names of all CQC registered residential, nursing and supported living providers commissioned to meet the needs of adults with learning disabilities and epilepsy since 1st April 2019.	<p>Please see the attached spreadsheet for answers to questions 1, 2 and 4. Please note that '<5' has been used where the numbers are under 5 as this could make the data identifiable.</p> <p>It has not been possible to answer question 3 and provide a breakdown of LD placements in receipt of NHS Funded Nursing Care (FNC), as the ICB's patient record system does not categorise FNC cases by LD status. To extract this data would require a case-by-case analysis and would exceed 18 hours.</p>
2. For each of these providers, please specify the total number of placements funded through NHS Continuing Healthcare in each financial year since 1st April 2019 and the associated cost.	
3. For each of these providers, please specify the total number of placements where funding has been provided through NHS Funded Nursing Care for each financial year since 1st April 2019 and the associated cost.	
4. For each of these providers, please specify the total number of placements where funding has been provided through NHS Personal Budgets for each financial year since 1st April 2019 and the associated cost.	

The information provided in this response is accurate as of 22 July 2022 and has been approved for release by Rosi Shepherd, Director of Nursing and Quality for NHS Bristol, North Somerset and South Gloucestershire ICB.
