<b>Desc.:</b> Deep potholes. Caller states that there is a large pothole on the road just in front of the post box. He stated that they were reported around 3-4 weeks ago and were refilled but they have now come back and are worse than before. This is a busy road and the potholes are just before speed bumps and so these are causing an issue.

<b>Desc.:</b> Bretby Parish Council has for a number of years raised concerns about the speed and volume of traffic along Knights Lane and Bretby Lane and has made several requests for the 30 mph speed limit to be extended. In the last 2 months there have been 2 serious head on accidents along this stretch, each requiring the air ambulance to attend the scene and transport the injured away. Sadly, this is something which the Parish Council has been predicting and it will again make the request for the extension of the 30 mph limit and for white lines to be installed along the centre of the lane, this may just help focus motorists to at least keep to their side of the road. Please can this request of the speed limit and the white lines be considered again.

<b>Desc.:</b> I wish to report the deteriorating condition of the road surface along Bretby Lane, in particular the surface around the speed bumps on the Lane appears to be crumbling. This is a busy lane and suffers from significant traffic flow and it has been noticed that the surface is deteriorating quickly. In addition, there is a large pothole outside 55 Bretby Lane. This is deep and could have the potential to cause damage to any vehicle travelling over it.
