Dear

Re:

I am returning your document which features an endorsement confirming your status.

At present your right to reside in the United Kingdom is as the primary carer / dependent of a primary carer [delete as applicable] of a British citizen.

This Directorate should be notified immediately if the person upon whom your status is dependent decides to leave the United Kingdom or if you cease to be their primary carer as this may affect your continued right to reside in the UK.

Yours sincerely,

Caseworker name
Team
