

FOI: 2904368 Charity Grants

Please can you forward to me a list of all the charities that were given grants by the commissioners and all of the grants that were refused.

I only require the ones that the commissioners decided when they began their work at Tower Hamlets Council.

The Council's website details all Commissioners Decisions in Public.

There are decisions taken at Commissioners fortnightly meetings. Information on these decisions is in the public domain in the form of a list "Exercise of Commissioners Discretion" where the fund and the amount awarded is identified, however this information does not include the details of the organisations that benefited. I have therefore attached a summary of these details together with the details of beneficiaries.
