Dear Eli

Freedom of Information Act 2000 – Request for Information

We are pleased to respond to your request for information and our responses are set out below.

Request / Response

1) How many doctors surgeries are covered under the CCG?

Exemption 21

NHS Bradford City CCG is applying a section 21 exemption to this information, as allowed by the Freedom of Information Act 2000. This allows information to be exempted from disclosure where this information is already reasonably accessible by other means.

A list and link to all our GP practices can be found on the following link provided;

<http://www.bradfordcityccg.nhs.uk/about-us/who-we-are/members/>

2) What percentage of those surgeries are fully covered under your managed service, i.e you provide a replacement printer if broken/faulty?

The printers are supplied by the CCG (via eMBED) for core GPIT services and therefore 100% of these are covered. Practices may procure their own printers for other use – we do not hold that information.

3) What clinical software is used within those surgeries for printing prescriptions, by percentage?

SystemOne

4) Which printer manufacture is your current chosen option for those consultation rooms?

Brother (as determined by eMBED Health Consortium)

5) What is the name of the person responsible for providing the Printers to those surgeries?

eMBED Health Consortium. The CCG provides the funds for this element via a devolved budget from NHS England. The named person in the CCG is Simon Wilson, Deputy Director of Digital and Technology.

We trust this provides you with the information you require.

Please remember to check our Publication Scheme before deciding to make a Freedom of Information request. Our publication scheme can be found on our website: www.bradfordcityccg.nhs.uk/
