Dear Sir/Madam

**Freedom of Information Act 2000 (FOIA)
Request ID: FOI364955272**

Thank you for your request for information relating to Follow up FOI358278299: Code 02 PCNs.

You have requested the following information:

Your Parking colleagues have confirmed that code 02 PCNs are given out on streets where loading is restricted.

In the spreadsheets you kindly provided recently, there are many city centre roads within the parking zone in the spreadsheets where code 02 PCNs (parked or loading/ unloading in a restricted street where waiting and loading/ unloading restrictions are in force) have been given out since 2012.

To the best of our knowledge, the only two streets in the city centre parking zone with loading restrictions are Hill St & Bond St? These streets carry repeater signs which indicate no loading.

So why have so many code 02 PCNs been issued on roads other than Hill St & Bond St? There doesn't appear to be any signage to indicate loading restrictions on all of these other roads?

The only other reason why we would issue on a code 02 would be when we attend a road resurfacing area where there are tow away procedures in place.

There are numerous occasions that we attend throughout the year. If a vehicle is parked in a tow

away zone, we issue under a 02 as there is no waiting/no loading restriction in place.

The supply of information in response to a FOI/EIR request does not confer an automatic right to re-use the information.
