Please see data relevant to your request on following pages:-

Due to a change in system in March 2016, data is only available from March 2016.

Every effort is made to ensure that the figures presented are accurate and complete. However, it is important to note that this data has been extracted from a number of data sources used by forces for police purposes. The detail collected to respond specifically to your request is subject to the inaccuracies inherent in any large scale recording system. As a consequence, care should be taken to ensure data collection processes and their inevitable limitations are taken into account when interpreting this data.

The numerical data presented in this response is an un-audited snapshot of un-published data sourced from "live" systems and is subject to the interpretation of the original request by the individual extracting the data. The figures provided therefore are our best interpretation of relevance of data to your request, but you should be aware that the collation of figures for ad hoc requests may have limitations and this should be taken into account when those data are used.
