

FOI request - Reference: FOI-343188251

Title: Collections of artwork, gifts, silver, valuables controlled or owned by Aberdeen City Council

Your request:

In light of the city recently being unable to account for huge granite stairs weighing several tonnes, and in light of the Aberdeen Art Gallery storing valuables off site for a long period during its refurbishment, kindly supply:

a. Inventory of all items in the possession/custodianship of Aberdeen Art Gallery b. Inventory of all items in the possession/custodianship of Aberdeen City Council - for example including gifts from public entities or private people, items displayed in Reception of the Town House, portraits of former lord provosts and others c. Inventory of all items in the possession/custodianship of other entities owned by Aberdeen City Council, eg but not exclusively Provost Skene's House

I would hope that all such inventories of valuables are in the form of comprehensive electronic documents/spreadsheets, such as is the case with the list of property the city owns. In which case, supplying same will be simple, swift and not incurring any cost. Where an inventory is not kept electronically, advise how such inventory is stored, how managed.

d. For all inventory please advise (again this should be recorded and easy to find) whether any item has been signed out/taken by ACC councillors, staff, others or whether any inventory is missing or damaged.

e. for any inventory which is missing, please advise whether this has been reported to police, and whether any insurance claims have been lodged.

f. advise how much money is spent on insurance for inventory by each location.

g. advise for any items signed out at d above, advise the length of time any item has been signed out/taken and the reason for such action.

Date of request:

18/06/2021
